

Animals Invade The Armory!

Experience the stunning collection of life-size wildlife wood sculptures created by award winning artist Jim Ramsdell for his traveling environmental awareness exhibit *Our Shared Planet*. **Enjoy** Jim's new presentation *A Journey Through Nature To Creativity*. He will take you on a transformative journey deep into nature including the wilds of Alaska where he discovered his artistic gift hidden within. He will also illustrate in detail the creative process behind these lifelike sculptures, his ambassadors to the natural world. This event is guaranteed to excite the eye and spark the imagination!
